

Product Description

Warn laser ND3 Laser Designator – First **Class Long Range Night Time Illuminator** for Emergency Search and Rescue Operations, Marine Expedition, Great Outdoors (Hunting and Easy Game Spotting), Home Defense and Essential Military / Law Enforcement Tool.

Warnlaser ND3 Long Distance Laser Designator are precision optical lighting illuminator and Alternative Night Vision instrument.

The **ND3 Series Laser Designator** directed green laser light offers maximum illumination even on moonless night. The fully adjustable high power laser beam can be adjusted and collimated for a full focus highly intense visible green laser beam visible miles away with low energy consumption unbelievably powered by just single high capacity CR123A battery (Not Included).

ND3 Laser Designator was built and pre-casted with Aircraft – Grade – Hard Anodized Aluminum (Gun Metal Black).

ND3 Superb Source of illumination for **Emergency Search and Rescue Operations, Marine Expedition, Great Outdoors (Hunting and Easy Game Spotting), Home Defense, Military and Law Enforcement.**

Warn laser ND3 Specifications:

- Wavelength: 532nm
- Magnification: 10X
- Power Supply: CR123A Battery (Not included)
- ND3 MTTF Lifetime: over 5000 hours
- Output power: 10mW-150mW
- Maximum beam diameter: 15mm
- Minimum beam divergence: 0.05mRad
- Maximum beam divergence: 1.5 mRad
- Operating Voltage: DC3V-5V
- Operating Temperature: 10°C~40°C
- Storage Temperature: -30°C~80°C
- Fully Multi Coated Optical Lens System
- Fully O-ring sealed for dust and water
- Rotary optical beam collimator for rapid adjustment of beam diameter and intensity. (Amplified green 532nm coherent light is the most efficient light for long distance illumination).

Application Area:

- Emergency Search and Rescue Operations
- Marine Expedition
- Great Outdoors (Hunting and Easy Game Spotting)
- Home Defense
- Military and Law Enforcement
- Aiming and Positioning
- Laser Alignment

ND3 Product Packing list includes:

- 1 x Packing Box
- 1 x Tactical Green Laser Sight
- 1 x Remote Pressure Switch
- 1 x Operations Manual
- 1 x CR123A Charger

Included Accessories

- 1 x Weaver Style Ring
- 1 x Binocular & Spotting Scope Mount
- 1 x 1" Scope Mount Adjustable Elevation and Windage

Package information:

- Dimensions: Φ 25mm *180mm
- Weight: 350g /12.34 oz

Products color:

- Aircraft - Grade - Hard Anodized Aluminum (Gun Metal Black)
or we can customize from All Chrome Finish and Mil-Spec Camouflage, please drop us an email at master@warnlaser.com.

ND3 LASER DESIGNATOR Technical Specifications

WARNLASER ND3 LASER DESIGNATOR APPLICATIONS

Hunting and Easy Game Spotting Observation

Precision and crystal clear wildlife and game viewing even at long distance without causing alarm.

All Weather and All Terrain Search and Rescue Operations

ND3 Laser Beam is visible up to 5 miles
Providing pin point rescue location.

Outdoors/Hiking/Marine Expedition

Green Laser Beam adjustable focus
A perfect light source for any terrain.
Life Saving 10 hour Battery Life.
